2021 OVERVIEW

Hope

"May the God of hope fill you with all joy and peace as you trust in Him, so that you may overflow with hope by the power of the Holy Spirit." - Romans 15:13

Your ongoing commitment to fight child exploitation in all its forms will change a generation!

Partner with us to reach and rescue more children today! www.lifeimpactintl.org

Hope

A NOTE FROM LANA

Throughout a tumultuous 2021, there was and is still HOPE! The HOPE of the world, JESUS, was so very faithful in the midst of it all! In 2021, we helped the hurting in Myanmar (Burma), rescued children in Thailand, as well as increased our self-sustainability by building greenhouses, fish, and chicken farms. In Brazil, we opened a prevention center and started three new prevention projects. We fed the hungry in all three nations and brought light into the darkest places of despair in the war zone!

In these pages, I hope that you grasp the greatness of what you were a part of doing for hundreds and thousands of lives around the world, but even more than that, I pray that you really feel the HOPE in Jesus that has carried us through it all this year! In every nation, through all the turmoil, the Kingdom of God still advanced throughout the world! I pray that as we look back at 2021 and as we move into 2022, that we will continue to see the faithfulness of God through it all!

What God has begun and is building in and through our lives, no war, nor COVID-19, nor any restrictions can stop! His will be done and His Kingdom come on this earth and in our lives! There is HOPE in HIM!

Lana
& YOUR LIFE IMPACT INT'L FAMILY

Prevention → Projects

44,268 lbs. of food was distributed and the urgent needs of **21 families** and **265 students** from **2 migrant schools** were met.

We were able to financially support and care for two local children's homes, one of which is home to **55 children** from a **local garbage dump**.

PREVENTION OUTREACHES

Our Prevention and Rescue Teams came together to reach **250 children** in **3 new communities** in the midst of COVID restrictions.

Full Capacity!

Our Emergency Safe House and Transition Home for new rescues is currently **FULL!**

We have **12 children!!**
(ages 2 months to 14-years-old)

THAILAND

RESCUES AND INVESTIGATIONS

Even in the middle of a pandemic and multiple lockdowns, our Rescue Team was able to complete **32 investigations** in 2021. Of those investigations, 10 proved to be an unsafe situation for the children involved. As a result, we brought **10 new rescues** into our Emergency Safe House and Transition Home.

SURVIVING THE UNTHINKABLE

A YOUNG GIRL IS FINALLY SAFE

When darkness surrounded her and the only way out was to run, that is exactly what she did. **This little girl ran with everything that was in her until she found someone willing to help her escape her abuser for good!** First, she ran to a neighbor and when that didn't work, she ran all the way to the safest place she knew, her migrant school.

After fighting so hard to get to freedom, this precious girl is finally safe! She is surrounded by the staff and children in our Emergency Safe House and Transition Home and she will never have to experience abuse again.

These girls are the definition of **SURVIVORS!**

After years of abuse, these girls wanted nothing to do with dresses or “girly” things, but after being with us and feeling safe, they put on the first dresses that they have worn in years!

One of our rescued girls (above left) told our newest rescued girl (above right) in Burmese, “**I don't want to leave here. I'm safe. They are good to me. I eat well here and nobody is hurting me. I don't want to leave. If they try to take me from here and put me somewhere else, I will run away. This place is beautiful already and the people are nice here. I don't want to go anywhere else.**”

THAILAND

Greenhouses

Chicken Coup

One of our biggest goals was to become self-sustaining in these crazy days! One of our church families provided us with our very first greenhouses, chicken coup, and fish farm!

We are believing that these projects will sustain and feed rescued children for generations to come!

Cricket Farm

Fish Farm

MYANMAR

The war on our border has been raging for nearly a year and the displaced people of Myanmar are still on the run, hiding in jungles and fleeing for their lives. Against all odds, they are simply trying to survive. **From the very beginning of 2021, we have been on the frontlines, providing aid in any way we can.**

800 boxes of food and 7 truck loads of humanitarian aid including food and medicine were distributed among those who so desperately needed it during the month of December.

Our staff and children worked tirelessly over the past year to bring aid into the warzone of Myanmar.

600 bags of dried fish were prepared by our staff and children on Christmas to help feed the internally displaced peoples and refugees.

House of Hope

When war broke out, we made the decision that the situation was too dangerous and we needed to relocate our children to a safer location. They are hidden away and even though things have been so terrible for the people of Myanmar, our children have been protected and are thriving!

MYANMAR

RIO DE JANEIRO

BRAZIL

After multiple set-backs with our renovations due to the COVID pandemic, construction is finally complete and our Prevention Center for At-Risk and Exploited Children in Rio is finally open!

Each week, we are in a position to impact up to 300 children from two of the most dangerous favelas in all of Latin America!

BRAZIL

**JUAZEIRO
DO NORTE**

Classes have officially begun in the house we obtained for our prevention project in the Campo Alegre community in Juazeiro!

This is where our first prevention project in the Northeast began.

5 prevention projects

Our team is now reaching children in **5 different communities** in **2 cities!**

500 children

We are now impacting up to **500 children each week** within our prevention projects in Rio de Janeiro and Juazeiro do Norte!

ORANGE MAY CAMPAIGN

During the month of May, our team planned and facilitated a multi-city national campaign to bring awareness to the problem of child abuse and exploitation in Brazil. Even in the midst of the COVID pandemic, they connected with countless people in-person during live street events and even more people were reached online through targeted digital campaigns!

We made history!

In addition to the overall awareness campaign initiatives, our team worked tirelessly and helped get the city council to approve May 18th as a "National Day Against the Abuse of Children in Brazil."

Christmas IN THEIR HANDS, Heaven IN THEIR HEARTS

450 Christmas gift packs were given to children living in the war zone.

Thailand & Myanmar

Hundreds upon hundreds of children & adults got to hear the message of Jesus Christ during December. Many of those gave their lives to Jesus!

Our team in Rio worked diligently to make sure Christmas was extra special for our kids this year!

Brazil

Our team in Juazeiro brought the joy of Christmas to 60 children from 3 local safe houses who were rescued out of terrible situations!

We gave out backpacks for the new school year, with a textbook for the younger children and a Bible for the older children. Everyone received a blanket and a new toy!

LIFE IMPACT™

INTERNATIONAL

PO Box 1984, Broken Arrow, OK 74013
918.957.5682 | www.lifeimpactintl.org

Because of our faithful partners, we have been able to make an eternal impact in the lives of thousands of at-risk and exploited children in Thailand, Myanmar, and Brazil!

Thank you for all you have done to make 2021 such an incredible year! We truly could not do all that we have done without you!

Thank You!
